## Principal's Foreword

### Introduction

The School Annual report is a document that summaries student and school outcomes as part of the Strategic Planning process. It provides information against the goals, performances indicators and targets established by Cloyna State School the previous year. All Queensland schools are required to publish relevant information about student and school performance. The school Annual Report is the document that offers great insight into the achievement of, as well as the progress towards achieving these specific goals and targets across all year levels. The data used to compile this report was sourced from Education Queensland's Corporate Strategy and Performance Division and the Federal Government's *My School* website.

Our school motto of "*Always Do Our Best*" underpins all practices of our dedicated workforce and the supportive parent community. It guides practices as we continue our commitment to developing, supporting and nurturing the educational needs of all students in our school setting ensuring they all have equal opportunity to access the best education possible and to achieve their potential. The School Annual Report is also a way for Cloyna State School to communicate and celebrate the successes of the skilled dedicated staff and showcase Cloyna State School as an exceptional educational facility.
